ABOUT THE WELCOMING NETWORK

The Welcoming Network's membership program offers tools, resources, technical assistance, and a global network to help civil society and government partners transform communities into more welcoming places. Participating members connect with their peers to share good ideas and receive recognition for their efforts in local, national, and global settings.

ABOUT WELCOMING INTERNATIONAL

Welcoming International supports and connects institutions across the world who are advancing inclusion on the local level. Our global vision is a world in which all people, including immigrants and refugees, feel at home. We believe the work of accomplishing that vision begins in local communities, with all sectors working together to build community cohesion and advance institutional inclusion.

"To stand at the leading edge of welcoming and inclusion work amongst truly amazing and like-minded people is an honour and privilege."

Aleem Ali

CEO of Welcoming Australia

NATIONAL MEMBERS

National entities – from government or civil society – can apply for a limited number of Premium level membership slots. We provide support to national entities in a number of areas, most importantly in the form of:

- Access to a global network of national and local inclusion practitioners, as well as to promising practices and coaching
- Support for the development and management of country-wide networks of towns and cities
- Support for the development, piloting, and refining of national Welcoming Standards, Indicators, and Frameworks
- Help with demonstrating the economic benefits of welcoming in cities and towns

MEMBERSHIP DUES

General \$200–500 USD

Premium \$2,500 USD

Some benefits can be extended to the local members of premium Welcoming Network members. Learn more and join online at welcomingnetwork.org, where you can find a complete list of membership benefits, and details on our membership dues.

ABOUT THE WELCOMING NETWORK

The Welcoming Network's membership program offers tools, resources, technical assistance, and a global network to help civil society and government partners transform communities into more welcoming places. Participating members connect with their peers to share good ideas and receive recognition for their efforts in local, national, and global settings.

ABOUT WELCOMING INTERNATIONAL

Welcoming International supports and connects institutions across the world who are advancing inclusion on the local level. Our global vision is a world in which all people, including immigrants and refugees, feel at home. We believe the work of accomplishing that vision begins in local communities, with all sectors working together to build community cohesion and advance institutional inclusion.

LOCAL MEMBERS

Local entities – from government or civil society – can apply at the General level, or for a limited number of Premium level membership slots. We provide support to local entities in a number of areas, most importantly in the form of:

- Access to a global network of national and local inclusion practitioners, as well as to promising practices and coaching
- Help with demonstrating the economic benefits of welcoming in your community

LOCAL PREMIUM SUPPORT

Local entities who join at the Premium membership will receive the same benefits as general members, and additionally the following:

- Support for piloting national Welcoming Standards, Indicators, and Frameworks at the local level
- Help with testing the feasibility and efficacy of the welcoming approach in their local or national context
- Guidance to build relationships, and identify partners to potentially scale the work — including the development of national Welcoming networks and standards — to the national level over time
